

Massachusetts Association of Endodontists

5 LONGFELLOW PLC. Ste 205, BOSTON, MASSACHUSETTS 02114

THE MASSACHUSETTS ASSOCIATION OF ENDODONTISTS

IS PLEASED TO INVITE YOU TO ATTEND OUR FALL MEETING

Our Speaker will be: **Dr. Leslie Fang**

Pharmacology for the Endodontist:

One Pharmacology lecture that you actually would stay awake for

Dr. Leslie Shu-Tung Fang is a world-renowned physician, educator, businessman and speaker with an impressive portfolio of accomplishments. Board certified in both Nephrology and Internal Medicine, Dr. Fang received his PhD in Physiology and Biophysics from the University of Illinois and his Doctorate of Medicine from Harvard Medical School. Dr. Fang chairs the Medical Internship Selection Committee at Massachusetts General Hospital, which helps build relationships between medical students and the hospital. He also served as Chief of the Walter Bauer Firm and Clinical Director of the Governing Board of the Medical Services Associates during his time at Massachusetts General Hospital. Dr. Fang is also a faculty member of DOCS Education, and plays an integral role in bridging the gap between the dental and medical professions. Dr. Fang has authored several medical texts, teaching series and reference manuals, including Oral Medicine Secrets and two editions of Principles and Practice of Oral Medicine. His co-authored interactive DVD from the EndoMagic Interactive Teaching Series, "Antibiotics in Dentistry," has received significant acclaim. Dr. Fang maintains an active practice in internal medicine and nephrology in Boston. At the same time, he also serves as a lead instructor at Harvard Medical School and has received numerous awards for excellence in teaching.

Lecture Description:

One pharmacology lecture that you actually would stay awake for

1. What do we do for pre-medications for prosthetic joints in 2013 and beyond?
2. No more coumadin??

Abstract and Educational Objectives:

The 2012-2013 recommendations from the ADA/AAOS have actually left many dental professionals more confused than ever:

1. Brief recount of how we got to the new recommendations
2. What do the recommendations actually say?
3. How do we put these recommendations into practice?

Increasingly, patients are now coming into the dental practice on Pradaxa and Xarelto in place of Coumadin

1. What are these drugs?
2. What are the dental implications of these medications?
3. How do we manage patients on these medications?

Date: Thursday, October 10th, 2013

Place: Westin Waltham

Time: 6:00 Cocktails and registration

6:30 Dinner

7:30 Presentation

CE credits: 2 CEU

MAE Members **\$50**, Graduate Students **\$25**, Non-members **\$80**.

RSVP by October 3, 2013 to: **Dr. Iman S Labib**, President to the MAE
